## School Board Opposes High School Project

### Name Anna Greeley Committee Chairman

After unanimously electing Miss Anna M. Greeley chairman, the Andover school committee Tuesday evening by a 4 to 1 vote expressed opposition to the appropriation of \$1,750,000 under Article 10 of the second Town Warrant for the construction of a new high school building as proposed by the building committee.

In a subsequent vote, the board gave unanimous support to the Finance committee that a new building committee be named for a resurvey of the High school problem.

The motion to delay action on the appropriation for the plan

submitted by the building committee was made by Secretary William A. Doherty, seconded by Member Roy A. Russell, who were joined by Chairman Greeley and Member Albert Cole, Jr., who was attending his first meeting following his election on Monday. Recorded against the motion was Mrs. Dorothy T. Partridge.

The endorsement of the Finance committee proposal also came on Mr. Doherty's motion, seconded by Mr. Russell and with the three other members concurring.

#### Planning Board Cancels Meeting

The regular meeting of the planning board, scheduled for Monday evening, Mar. 21, has been cancelled due to the conflict with town meeting. The next regular meeting will be on April 4, the board meeting on the first and third Mondays of the month. A special organizational meeting may be called before the regular April meeting.

Sidney P. White, veteran town official won re-election to the board of selectmen and the board of assessors in one of the most hotly contested races in the annual town election held Monday. Selectman White defeated William L. McDonald by 137 votes for the office of selectman and by 52 votes for the assessorship.

In the event that the defeated candidate wishes to ask for a recount of the votes for either office he will have until 5 p.m. Monday to file the required petition.

Albert Cole, Jr., deputy fire chief, unseated Chairman C. Carleton Kimball from the school committee, defeating the incumbent by 108 votes, in another close contest. William A. Doherty, secretary of the school board, was returned to office, polling the top figure of 3009 votes in the school committee race. Mr. Doherty began his 25th year as a school board member with the meeting of Tuesday evening.

### May Offer Substitute Motion

Since the Finance committee is on record as opposed to the present provisions of Article 10 of the Second Town Warrant to be considered on Mar. 21 calling for the provision of \$1,750,000 for a new High school, it is understood that when this article is reached, a substitute motion will be offered.

The substitute motion would embody the Finance committee recommendation for the appointment of a new building committee to make revised plans for a high school, the committee to report as soon as possible to a special town meeting.

The school committee is also on record as opposed to Article 10. Town officials have conferred with authorities at the state house on the school building program and have been advised that the substitute motion will be the proper procedure if the voters elect to go along with the postponement at this time of the new High school building plan.

### First Town Meeting Monday Night At 7

Andover voters will assemble in Memorial Auditorium Monday evening at 7 p.m. to consider the articles contained in the warrant for the first of two town meetings, the second meeting being scheduled for Monday, Mar. 21 at the same hour.

While the warrant for the first town meeting is the longer of the two, containing 49 articles, the second warrant consisting of 19 articles will bring about debate on controversial major issues confronting the voters, including new high and elementary school buildings together with a proposed addition to the Memorial Hall library.

Among other matters to be considered at the initial assembly on Monday will be Article 13 which proposes an appropriation for the erection of a new \$375,000 town office building to replace the present Town House.

## Thanks To A Teacher

School teachers always seem to be "neat as a pin," and for this reason it isn't unusual that the first Spring Clean-Up campaign some 45 years ago was inspired by Miss Bertha Chapman, a Cleveland, Ohio, pedagogue.

According to the story, Miss Chapman one fine Spring day presented a bright blue pinafore to a particularly unkempt pupil. When the child returned home her mother was so impressed by the change in her daughter that she decided on the spot to do a little cleaning up about the house, an activity which encouraged her neighbors to tidy up their own premises.

That initial Spring Clean-Up spread throughout the community and in time throughout the country. Just about every city and town now has a Clean-Up Week, usually during March and April.

As the sun moves northward and Spring approaches, everyone should give thought to their own individual clean-up chore.

Accumulated rubbish and litter constitute a serious fire hazard as well as being a menace to health. Litter in or out-of-doors is unsightly.

This year especially, in the wake of the hurricanes of late summer, there is much to be done out-of-doors. During the final weeks before winter set in, many householders were too busy with necessary repairs to their homes to find time for clearing up the yard. That's a job that must be done during the next few weeks.

Inside the house, in attics, cellars and closets, search must be made for items which should be discarded. Rubbish, such as old papers and rags or other combustibles, not only start fires, but serve as fuel for fires starting from other causes.

In setting aside specific weeks for community clean-ups, the cities and towns are merely drawing attention to the fact that everyone should join in the campaign. On the individual level, any day or any week may be set aside as a time to tidy up around the house. Neat homes and yards are not only a beauty and a joy to the owner, but also to his neighbors and fellow townsmen.

## Down the Years with The Townsman

### 50 Years Ago — March 1905

The annual town meeting brought out a large vote and the Australian ballot was used for the first time Monday. On the license vote the result was Yes 338, No 527. The regular appropriations totalled \$131,046.80, of which \$30,000 was for the maintenance of schools. It was voted to fix the pay of firemen at the same figure as last year, \$50.

The Andover Steam Fire Engine Co., will give one of its enjoyable clam bakes this evening at the engine house. Only invited guests will be admitted.

We note editorially that there was general satisfaction with the Australian ballot at the town election. There was one incident open to criticism and that was the manner in which the information leaked out about the standing of candidates from time to time. We are confident that no direct responsibility can be placed upon any one of the election officials. It was also generally believed that many "bullets" were cast and feel that most citizens will regret such practices.

A home for nurses will be built upon the grounds of the Lawrence General hospital during the coming season.

There is some very vigorous kicking going on these days regarding the library and one has been registered in the nature of a request from the school committee that the opening hours shall better accommodate the school children. If there is ground for even a small part of this current criticism, we continue, there would seem to be an obligation upon the trustees to very materially broaden the usefulness of this institution.

### 25 Years Ago — March 1930

Widespread interest in several contests drew out 3533 voters Monday resulting in the election of Dr. Jeremiah J. Daly as selectman and assessor, Thaxter Eaton as town treasurer, and George A. Higgins as town clerk.

The town warrant was discussed at a meeting held by the League of Women Voters in Punchard hall recently and if the radical divergence of opinion and warmth of argument which characterized discussion of the school question is any criterion of what may be expected on Monday there is promise of a very lively session.

The young people of St. Augustine's parish presented a very creditable performance of "Appleblossom Time" in the town hall Tuesday evening.

William J. Bingham, director of athletics at Harvard, will be the speaker Tuesday night at a Harvard club meeting in the Peabody House.

The check lists are to be used at the town meeting Monday night according to a recent decision of the selectmen.

We give several columns to

communications for and against a new junior high school and several editorial columns urging its defeat. "Overcrowding of the central plant," says one of the latter, "has been manufactured by transferring pupils with a view to creating an apparent crisis that would arouse the sympathy of parent voters through fear of danger to the health of the school children. This artificial overcrowding has been expensive, too, for it has cost the town more than \$10,000 the past year to transport pupils, many of whom could and should have been taught in existing schools near their homes."

### 10 Years Ago — March 1945

The board of public works now has two Doyles on its membership as a result of Monday's election. Fred Doyle was returned to office and Edward Doyle of Vine street was elected to the board. The three school committee members, Arthur Lewis, Jerome Cross and Barbara Loomer, went back with tremendous pluralities. The total vote was light.

The town is mourning the loss of the Rev. Donald H. Savage, pastor of the West church, who died Tuesday. He had been here since January 1938.

A large attendance is expected at the town meeting Monday judging from the interest in pre-town meeting affairs. The most controversial matters are going to be the garbage collection problem, the water and sewer system improvements, and the recreation program.

Flight Officer Paul V. Medolo, 21, a graduate of Punchard with the class of 1941 was killed Friday when the bomber to which he was assigned crashed on a flight from the Charleston, S.C. airbase. He was the son of Mr. and Mrs. Joseph Medolo of Shawshen Village.

The Clan Johnston auxiliary drill team presented a minstrel review in the Memorial auditorium last night.

## PUNCHARD HIGH

By CAROL FOLLEY

GEORGE HESELTINE

Ever since George Hezeltine came to Punchard in his junior year, he has been active in sports of all kinds. In varsity football he played center and has also been on the track team for the past two years. This year he is in the varsity club, open only to persons with a letter in a sport. On the photography committee for the senior yearbook, George helped the photographer carry all his lighting equipment and arranged the background for many of the pictures, a tiresome but necessary job. George showed his ability to carry out a hard job when he was elected stage manager for the senior stunt night. He made sure that everything was in its place at the right time.

His hobby is playing hockey, and George plans to further his formal education at Boston University's Junior College.

## Gym Assembly

The Punchard gym team sponsored an assembly on Wednesday, March 2. Paul Gallant was master of ceremonies and Lorraine Des-Roches played piano accompaniment for the acts. The team performed Indian Club swinging, tumbling, pyramids, free hand drills, military tap dance, wand drills, and trampoline routines. The team members are Marlene Bajak and Richard Berube, captains; Judy Hall, Ann Lord, Elizabeth Richmond, Joyce Lee Nason, Leigh Henderson, Valerie Shaw, Sandra Dulong, Mary Alice Baer, Elizabeth Barsamian, John Baer, Robert Weiss, Paul Carey, John Cavallaro, Richard McAnern, Frank Nelligan, Donald Milligan, John Sanderson, Ernest Dole, Thomas Lawler, Robert Doucet, Robert Leete, John McCabe, Ralph Arabian, James Butler and George Kiernan. Donald D. Dunn and Miss Joan Rizzo are the coaches.

During an intermission, Ralph Buschmann and Edward Ratyna played a piano and violin duet.

## Gym Show Cancelled

The Springfield gymnastic show was cancelled last Friday because of bad weather. The program cannot be held in Andover until the team has another open date. Ticket charges have been refunded.

## Good Government Day

Marcia Tangney and John Baer, seniors, will participate in the Massachusetts Good Government day on Friday, March 11 in Boston. Marcia will hold the office of Budget Commissioner; and John, Secretary of Agriculture.

## SCHOOL BOARD NAMES MISS GREELEY CHAIRMAN

(Continued from Page One)

meeting was primarily an organizational session to elect a chairman to succeed C. Carleton Kimball, former chairman who was defeated by Mr. Cole on Monday, and to organize for the coming year, the members cared for a number of additional matters.

Supt. Edward I. Erickson presented to the board the resignation of Miss Artemis Spanos, sixth grade teacher at the Central school, who was also the instructor in conversational French. The board voted to accept the resignation with regret on motion of Mrs. Partridge, seconded by Secretary Doherty. Miss Spanos is to be married soon and plans to make her residence in Chicago.

On motion of Mrs. Partridge, seconded by Secretary Doherty, the committee voted to empower the superintendent to engage Mrs. Edith Walsh of Andover as sixth grade teacher at substitute's pay for the remainder of the year, and Mrs. Clara M. Gillingham, wife of an Andover Academy faculty member, as teacher of the French classes for the balance of the school year.

Chairman Greeley appointed a committee, consisting of Members Partridge and Russell and Miss E. Marjorie Smith, Punchard high school French teacher, to plan as to the manner in which the elementary French program shall be evaluated.

A communication was received from Alexander H. Henderson, local contractor, containing an estimate of \$23,853 for putting the three-room Richardson school on Lowell st. into usable condition. This building has not been used for school purposes since 1924. It has served to house playground equipment.

A second proposal from Mr. Henderson contained an estimate of \$17,484 for refurbishing the Indian Ridge school which has not been operating for several years. The estimate does not include possible costs for plumbing and heating installations, and neither estimate includes school equipment. The committee took the matters under advisement.

The superintendent read a communication from Rich and Tucker Associates, architects on the West Center school, regarding leaks in the roof. Another letter was read from William B. Black, school plant specialist of the Mass. Building Assistance commission, regarding the Shawsheen school. At Mr. Black's invitation, the members of the school committee plan to go to Boston to confer with the specialist on school matters.

On motion of Member Cole, seconded by Members Russell and Partridge, the secretary was instructed to reply in writing to Atty. Richard K. Gordon concerning a suggested school bus route change on Chandler rd.

The committee voted to expand the driver training program to include 11 more seniors. Plans were made for a special meeting on Mar. 29 when consideration will be given to faculty positions for the coming year.

A communication was received from Harold T. Cookson, director of the Little League farm system, requesting permission to set a diamond in the southwest corner of the West elementary school grounds. Prior to the meeting, Secretary Doherty, Mr. Cook, and Fred L. Collins, head building custodian, visited the area. The committee voted to instruct the

superintendent to meet with the Little League group and go over the site of the proposed diamond. If it meets with the superintendent's approval he has been authorized to grant permission for the playing field.

Warrants for \$10,871.67 for operating expenses, and one for \$5.13 for the practical arts department, were approved by the board.

Member Doherty, who on Monday was elected to his ninth consecutive three-year term on the board, was re-elected secretary following the election of Miss Greeley as chairman. As senior member of the committee, Secretary Doherty served as pro tem chairman as the members came together for the first time after the election. His re-election as secretary was made unanimous by the courtesy of Mrs. Partridge, who on the first ballot had received Mr. Doherty's vote. Tuesday evening's meeting adjourned at 10:36 p.m.

## Garden Club Planning For Flower Show

Mrs. Ernest L. Wilkinson, with her committee, and the Junior High Junior Garden Club members are busy making preparations for their exhibit at the Boston Flower Show. Their exhibit will be in relation to the Junior "Anti-Litterbug" campaign, appropriate now, for in April the Girl Scouts, and the Boy Scouts, and Junior Garden club members are planning a statewide campaign against "Litterbugs". Their slogan is "I promise to watch for opportunities to make and to keep my community clean and beautiful and to encourage my friends and family to do the same." Mrs. Adeline Wright, Mrs. William Abbot and Mrs. Philip Clements are on Mrs. Wilkinson's committee.

The Junior Gardeners are also planning a conservation exhibit at the Boston Flower Show. In preparation for this Mrs. Adeline Wright took a group to Miss Besie Goldsmith's home on Saturday where Miss Goldsmith gave them samples of composts.

The members of the Junior Garden club who are involved in these activities are: the Misses Wendy Wilkinson, Susan Bradley, Carol Clements, Leslie Hart, Carolyn Covell, Sheryl Hartford and Virginia Abbot.

## FIRST TOWN MEETING WILL BE MONDAY

(Continued From Page One)

Taxpayers Association find themselves at odds. The Finance Committee approves the new building, while the Taxpayers would postpone action at this time.

In a supplement to the regular report of the Taxpayers Association, the organization has expressed criticism of the use of parking meter receipts and has indicated that association spokesmen will move on Monday evening for a drastic reduction in the parking meter budget item.

This will mark the first time in the town's history that two separate town meetings have been scheduled in advance. This was voted by the selectmen in order that the long warrant could be considered under less strain than

might occur at one long meeting. With the town facing major expenditures this year for new buildings and other town improvements, officials predict that both of the two town meetings will bring out record attendances. Town Moderator Roland H. Sherman will conduct the business coming before the voters at both sessions.
